*\*Invited*

The DAAD, together with its alumnus Prof. Dr. G. S. Roonwal and Prof. Manfred Domroes is organizing a one-day workshop on Sustainable Resource Management in Ecological, Economical and Socio-cultural Respects on April 27, 2007, in New Delhi. This interdisciplinary workshop is being organized for the alumni of the German Academic Exchange Service and other German organizations as well as young researchers from various fields relevant to sustainable development. The goal behind this one day workshop is to facilitate a holistic discussion on the varied aspects of the subject.

For participation in the workshop or any other queries, please send us an email on [gosavi@daaddelhi.org](mailto:gosavi@daaddelhi.org).
